Security Violation--Open Safe

Attached hereto is copy of a memorandum dated 10 December 1947, to Executive for Inspection & Security from Chief, Physical Security Division, Subject: Security Violation--Unlocked Safe, and first indorsement thereto which was received in this office of December 11, 1947.

The fact that the contents of this safe were not disturbed is fortunate and your readiness to make a full report of the violation and to accept complete responsibility therefor is commendable. However, this does not lessen to any extent whatsoever the seriousness of this security violation.

FOIAb3b1

Due to your record of honest and faithful service with [REDACTED] and the fact that it is believed that this violation has not actually disclosed any classified information to unauthorized persons, no further action is contemplated in this particular case. However, any further security violations by you of this or a similar nature will necessitate your immediate removal from any position in this organization in which you might be the custodian of classified information, in addition to disciplinary action appropriate to the particular violation.
